## Historian Story:

## Maid Day

November 5th, 2021

We look back with fondness to our Maid Day. We all wanted an excuse to cross-dress so we dressed in our finest maid costumes and partook in refreshments of tea and cookies. A majority of our friends here have graduated and went on to better things. We miss them and think of them when we remember this day. One day we hope to rejoin them in maid costume once again to enjoy treats and spread merriment.
